- (18) parks and outdoor recreation, for activities in a state park operated under a concession contract or a competitive and exclusive use permit, fees are set by order of the director and
 - (A) may not exceed the maximum amount established under (12) of this subsection;
 - (B) the order must state whether a calendar year annual pass purchased under (12) of this subsection covers the fees charged under this paragraph; and
 - (C) must be conspicuously posted in the affected state park.

(b) This section lists all fees assessed by the department by regulation for authorizations, publications, and services which are not otherwise prescribed by statute. This section does not limit the amount the department may charge or receive under contracts, such as concession contracts, or bonuses, royalties, rentals, and other contractual obligations. This section does not list authorizations, publications, and services that the department provides free of charge.

(c) A fee prescribed by this section is waived for a federal, state, or municipal agency, except that

(1) recorder's office and uniform commercial code fees prescribed by (a)(14) and (a)(15) of this section are not waived;

(2) water management fees prescribed by (a)(8) of this section are not waived for a federal, state, or municipal agency;

(3) the fee is not waived if the federal, state, or municipal agency does not waive its fee for a similar document supplied to or application filed by the department; (

(d) The director of the division of parks and outdoor recreation may waive all or a portion of the fees required under (a)(12)(I)(ii) and (a)(12)(I)(iii) of this section after determining in writing that

(1) collection of additional fees would not be cost-effective for the department;

(2) the fees would represent an unreasonable percentage of the receipts collected by the commercial operator for that activity; or

(3) no similar service exists in the park and it is in the public interest to encourage the commercial operation by waiving the fees.

(e) Except as provided in (f) of this section and in [11 AAC 99.130](#), this subsection is the department's schedule of standard user fees for certain surface land use authorizations and for material sales for public projects under [AS 38](#). It does not apply to authorizations whose rental or use fee is fixed by statute or is required by statute to be based on an appraisal of

market value. If a revocable-at-will authorization is revoked without cause, the unused portion of the annual use fee for the authorization is refundable, prorated on a monthly basis, except for use fees required under (22) of this subsection. A fee based on acreage applies to each acre or fractional acre. The fees covered by this subsection are as follows:
